

# JEMIC Shielding Technology

## Cell Phone Lockers

**JEMIC Shielding Technology offers three Cell Phone Locker Series:  
Fully Shielded, Partially Shielded, and Un-Shielded.**

JEMIC is an industry leader in EMI / RF shielding products. These are offered in virtually any configuration to meet your needs.

### Features

#### **Three levels of protection:**

**Unshielded** – This is for physically securing cell phones, no RF shielding.

**Partially shielded** – Physical security and shields RF signals through the back and sides.

**Fully shielded** – Physical security and each locker is individually fully shielded, the highest level of protection.

**Each locker individually keyed and numbered**

**Master key**

**Interiors lined and padded for device protection**

**Available in Bronze, Gold, or Sandstone**

**Recessed or surface mounted and free-standing options**

**Standard 8" or 5" deep, deeper sizes available**

**Two door widths: 6 1/2" (S) or 13" (L)**

**Self-closing doors available**

**Custom wooden cabinet enclosure available**
